

**RIM VILLAGE HOMEOWNERS ASSOCIATION
P.O. Box 1583, Moab, Utah 84532**

September 11, 2017

Dear Rim Village Homeowners,

At the Board of Directors' August meeting it was decided to adopt two new rules that will protect our HOA. One rule will protect the integrity of our roof systems and the second will insure the safety of our homeowners, guests, and property. These rules take effect immediately.

- 1.) Solar Panels: The installation of solar panels on roofs or grounds at Rim Village is strictly prohibited.**

- 2.) Open Fire Containers: The use of charcoal grills, open fire pits, or any other wood or charcoal burning container is strictly prohibited in Rim Village. Only gas grills are approved for use in Rim Village.**

Rim Village recently experienced a fire in the dumpster area from discarded charcoal refuse that was still flammable.

Thank you for your support of the Rim Village Board of Directors as we strive for the safety of our HOA and the protection of our property structures and values.

**Sincerely,
Rim Village Board of Directors**
